At the same time as promising to end "hallway medicine" and adequately fund health care in Canada Doug Ford's government is holding backroom meetings and negotiating contracts to privatize hospitals and expand private clinics in violation of the Canada Health Act. We Canadians need to stand up in resistance and solidarity and safeguard OUR public health care. Let's send them a strong message.

Health care services need to be expanded not cut & privatized.

**Ford's health care cuts to date:**

- OHIP+
- Cut investment in mental health by \$335 million.
- Cut all new safe injection sites.
- Cut funding for the College of Midwives after 25 years.
- Cut education, social assistance, disability and environmental programs.
