

WE CAN STOP THE CUTS!

Town Hall Meeting

Wednesday April 27

7 p.m. United Steelworkers Hall
25 Cecil Street, Toronto

Join us for a BBQ at 6 p.m.!

Toronto's hospitals are facing another year of serious cuts to staff and services. Already this year, the University Health Network (Toronto General and Toronto Western sites), Mount Sinai Hospital and the Centre for Addiction and Mental Health have cut more than 100 Registered Nursing positions along with the hands-on patient care they provide. Humber River Regional Hospital has cut or closed multiple hospital sites, and people in the affected communities have to travel further to access care. Hospitals all across Toronto and the GTA have been plagued by serious cuts, while seniors now face a major increase in the cost of their drugs, all as a result of provincial government budget choices.

**Working together,
we can save our
services!**

In many communities we have successfully stopped hospital cuts.

Join the Toronto Health Coalition to discuss local health care concerns and help plan the fight-back campaign!

Organized by:
**Toronto Health Coalition
& Ontario Health Coalition**
