

# Town Hall Meeting

**Thursday April 7  
6 p.m.**

UAW Hall, 88 Elm Dr. S., Wallaceburg

**WE CAN STOP THE CUTS!**

**Wallaceburg's hospital is at serious risk.** Years of cuts have reduced the hospital to 5 inpatient beds and an emergency department. Now the hospital CEO is threatening the future of the emergency department. Without an emergency department there is no hospital. An "urgent care centre" is a clinic, not a hospital. Our community needs a community hospital with a full-service emergency department.

**Working together,  
we can save our  
services!**

In many communities we have successfully stopped hospital cuts.

Join the Wallaceburg-Walpole Island First Nations' Health Coalition to discuss local health care concerns and help plan the fight-back campaign!
