

Town Hall Meeting

**Thursday March 31
6:30 p.m.**

Holy Names High School
1400 Northwood St., Windsor

WE CAN STOP THE CUTS!

Windsor Regional Hospital is facing devastating cuts to staff and services. 169 Registered Nursing positions are on the chopping block along with the hands-on care they provide, and outpatient clinics are threatened with closure. Every program, and every department across both hospital sites is facing cuts as a result of a \$20 million shortfall in funding.

**Working together,
we can save our
services!**

Windsor already saved thoracic cancer surgeries, hospital beds and even forced the re-opening of services. We've already shown it can be done. Let's do it again.

Join the Windsor Health Coalition to discuss the proposed cuts and help plan the fight-back campaign!

Organized by:

**Windsor Health Coalition &
Ontario Health Coalition**
