WE CAN STOP THE CUTS!

Our hospitals are facing a \$5 million cut. This, after years of devastating cuts to staff and services as a result of inadequate funding by the Ontario government. In 2014, Petrolia's endoscopy unit was closed – one of the few remaining services, leaving the hospital's future at risk. Just last year, 66,000 hours/year of hands-on nursing care were cut at the Sarnia site due to a \$6 million funding shortfall.

**Working together,
we can save our
services!**

In many communities we have successfully stopped hospital cuts.

Join the Sarnia-Lambton Health Coalition to discuss local health care concerns and help plan the fight-back campaign!
