

DON'T LET THEM DESTROY CANADIAN PUBLIC HEALTH CARE

On September 1,
Alberta's Danielle Smith
government is rolling
out private health care
to end universal public
health care & bring in
U.S. style privatization

It has been 7 months
in the making, yet the
federal Mark Carney
government has not
yet stood up for the
Canada Health Act.

TUESDAY, SEPTEMBER 1

Public health care across Canada is in grave peril.
Demand our federal MPs take a stand & enforce
the Canada Health Act. NO MORE DELAYS!

Privatizing public health care is an economic issue
and a betrayal of Canada's core values.
