

NOW

Is the time

We can make a *real* difference

Ontario's provincial election is coming up on October 6th. It will be a tight contest and politicians are under more pressure than ever to listen to the issues Ontarians care about.

Now is the time that we can make a real difference.

Now is the time when we can win real commitments from the political parties on the key health care issues.

111 Church St
Thurs Aug 25 6:30-8:30pm

Public Consultations On Niagara Health Care & Hospital Restructuring

In September, the Ontario & Niagara Health Coalitions will release a report evaluating the hospital restructuring in Niagara.

At these meetings we'll share our research findings, and we are asking the public to provide your input into this important report.

How has the HIP affected you?

What gaps in health care services are you finding in Niagara?
(Ex: long term care, home care and mental health)

What is working well? What is not working?
